

C2S Core Team

August 8, 2025

Meeting Summary

for C2S network members, regional leaders, interested colleagues and friends.

(Please to not post or forward without first connecting with Murray)

Participation: Ten members of the core team representing five international networks joined online for 90 minutes.

Regional Focus: The conversation normally includes a focus, by rotation, on a particular region for review and upbuilding. This month's regional focus on Africa was postponed to our September meeting due to a regional collaboration event being held Aug 7-8 in the Horn of Africa.

A secondary conversation took place regarding East Asia with two additional suggestions for participation in the regional team being made.

National Roundtables Dashboard security: dual authentication is via a secondary app. A video has been made for those needing assistance linking the dashboard to the security app.

Support for regional teams: using wisdom from Jethro, the team

Our next regular C2S on-line meeting is scheduled for Aug 8 (13:00 UTC)

Our next in-person meeting will adjoin Blue Med (Feb 23-27, 2026) with specific date TBD.
