https://docs.google.com/spreadsheets/d/1zU6lrohK2rXAR5myhLOT6r7QwRUEWjK0KWafHPgvIZg/edit?usp=sharing
and indicate

1. In **which countries** does your org/network have a **strong current** supportive relationship with a national collaborative roundtable?

   (Please colour the excel cell with a "red, yellow or green" suggesting perceived health of the national collaborative process).

2. In **which countries** might your org/network take the lead in initiating or supporting a national collaborative roundtable **in the next year**?

   (Please mark the excel cell with "explore" "facilitate" or "assist" as indication of the level of your anticipated contribution).

If your org/network doesn't have specific nations in mind but envision an aspirational number of nations, sharing that number is another way to contribute to the sheet.
