		<ol style="list-style-type: none"> 1. GACX is organizing their event for the first time outside the US. They have been generous to give us a space in this great event. How can this meeting be a collaborative effort from all the organizations in the Collaborate to Saturate meeting space? 2. Should there be a steering committee from these 5-6 organizations, so that the ideas from C2S are taken to the meeting held once a month by the GACX team? 3. The Manila venue can hold up to 4000 (or more) people, but the part they are giving for our conference can hold up to 1500. How would we determine how many people come from each organization? (GACX, GCPN, LAUSANE, V5:9, FTT, COTW) Do we just leave it free for everyone to come or do we assign a limit of invites? 4. What is the goal we would like to achieve through this conference? What kind of actions steps would we like to see after the conference? 5. We haven't talked about cost, and GACX hasn't yet said anything about if there is an extra charge, but if there is, how would we manage this? 6. What would it be the best way to set up an agenda for this meeting? Should GACX meet half the time and C2S the other half? Or how should the time be divided? 	<p>please join Friday April 17 (11 am eastern) for discussion and input.</p>
