

C2S Exec/Admin Conversation

June 9, 2026 (10:00 am Eastern)

Meeting Link: <https://us02web.zoom.us/j/6328187504>

Agenda & Action Items:

1. Prayer
2. Agenda building
3. Chat groups:

3.1 Switch to Signal for regional leaders

Discussion led to **agreement** that while WhatsApp is more widely known, we will give priority to the more secure platform.

Dulcie will prepare a sheet explaining the process downloading and opening a Signal account.

Date for transition: **end of July** target

3.2 Add a Signal group for **national** facilitators

The decision was **agreed in principle**. The following details are proposed by Murray and Dulcie and may be further refined in the course of planning:

The group will include national facilitators, regional team members and core team members. (The latter to monitor conversations, learning and to assist as needed.)

Catalysts will ask Regional team leaders for names of national leaders and their teams to be included. Please remember to add national leaders to our Dashboard and to include those in our Dashboard for each nation in our Signal group. (Our Dashboard and our Signal group should serve the same people.)

Please pass vetted names to Dulcie who will populate the group by target date Sept 15.

Group description: A discussion group to help national facilitators grow in effectiveness in mobilizing the Body of Christ for collaboration to multiply movements and churches among the least reached.

Group name: National Facilitators for C2S

3.3 A secure master list of regional team members (as they grow and change)

Agreed the most secure place to do this is on our Dashboard (2.0)

Murray & the 2.0 working group will bring this request to David.

4. Newsletter during summer months:

Dulcie believes she has enough content to continue monthly, but “no pressure” if summer activity slows a bit.

5. Update on C2S’s place in overall Manila program – Ron indicated “no update.”

6. What are three topics we shouldn’t miss during our next 6 wk meeting?

- Succession Planning Team update on their discussion/discernment process
- Succession Team believes it important for C2S partners to develop a simple MOU and would like feedback on details of an early draft.
- Nairobi face-to-face meeting Dec 1-7: we should confirm venue and costs. Venue options to be explored in this order: COTW, Exponential, Lifeway.

7. Round robin

John shared an update from Montreal on recent travel & meetings

8. Prayer – Dulcie
